

GRAND EFFECTS[®]
FIRE & WATER ELEMENTS

COMMERCIAL & RESIDENTIAL 2018

DESIGNED TO INSPIRE

Grand Effects®, known for its beautiful Fire and Water features at well-known resorts and hotels, offers an inspiring product line designed to bring elegance and function to the residential outdoor space.

Our products are beautifully crafted with quality materials and components. All of our Fire and Water features incorporate either full automation or manual controls using safe and easy to install CSA approved burner systems. Our patented technology is proven and reliable.

Builders and homeowners can choose from a variety of beautiful decorative designs and finishes, each one designed to enhance and beautify outdoor spaces.

Whether you are an architect that is designing high end resorts or a homeowner who will settle for only the best, Grand Effects can provide the unique features you desire and bring that special attention to your property.

MAKE A GRAND STATEMENT

Whether you are an architect that is designing high-end resorts or a homeowner who will settle for only the best, Grand Effects® will provide a unique feature that will bring the attention you desire to your property.

We offer beautiful decorative pieces that will be the focal point of your job. Our decorative pieces, available in different shapes and sizes, are beautifully crafted with quality materials, including: hammered copper and concrete and quartz.
